### REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:  
Applicant's response is persuasive in that the references of record do not show or suggest a system with apparatus for electroplating or deplating a rotogravure cylinder; the apparatus comprising a plating tank to receive the cylinder; a non-dissolvable anode for electroplating or a non-dissolvable cathode for deplating; the system for electroplating having a non-dissolvable anode and a controller configured for controlling the apparatus; the apparatus having a first tank coupled to a second tank and enabling transfer of the plating solution from the second to the first tank; and a first section to receive the cylinder and a second section fluidly coupled to the first section and configured to receive material that refreshes the plating solution; said apparatus having a plurality of non-dissolvable anodes configured to be disposed at one side of the cylinder when the cylinder is in the tank, and further, said apparatus having at least two non-dissolvable anodes located on the same side of a plane extending along an axis of rotation of the cylinder.
2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays,

should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
